SB210

I oppose this measure. I, like many other senior citizens in Oregon find vote by mail to be the most convenient way to cast my vote. I fear the change proposed would have a negative impact on others like me and as a result the number of Oregon senior citizens who vote will decline. While I am retired and no longer working, I can remember when we had to go to polling stations to vote, and how challenging it was as a full time working Mom getting time off to vote and/or balancing family and work commitments to be able to get to my precinct polling station to cast my vote. I feel out current voting system is fair, accurate and allows all Oregonians, those with and without mobility challenges the opportunity to fully participate in our local, state and federal elections. Again, I strongly oppose this bill.
