

Submitter:

CORRIN WILLINGHAM

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Forcing people to have to go to specific voting venues is a huge step backwards for accessibility of voting. This measure would make it much more difficult for people with very busy lives, i.e multiple jobs, night shifts, raising a child and working full time. And for those with movement disabilities or disabilities that make it difficult to leave home, this will essentially make it so that they have no voice when it comes to voting.
