SB210

I am a working mother living paycheck to paycheck. I cannot afford to miss work. We don't get Election Day off to go stand in line for hours to vote, and even if we did, I'd have to drag my five kids along with me to wait in line for hours. Mail-in voting is an absolute necessity for our family. There is no evidence that mail-in voting has higher rates of fraud than in-person voting. This bill is classist and ableist, and only serves to keep marginalized communities from having a say in local and national politics.
