

Submitter: Heidi Geschwill

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SJR30

Please do not make it harder for the citizens of Oregon to use the petition method. Changing a perfectly good Constitution, to include worse chances of a successful petition effort is a big NO for me. There is not one election that I have voted yes for a constitutional amendment, and that is because it doesn't need to be amended. Whether I think a petition is stupid, dangerous, or good, the goal posts should not be changed.
