

Submitter: Mark Linkmeyer

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I fully support the move to in-person voting. It will help to eliminate voter fraud and better ensure election integrity. One of the biggest problems with our current mail-in election process is the accuracy of voter rolls. They are inaccurate and in-person voting will help to ensure only legitimate and properly registered voters will be voting in our elections.

Thanks,
Mark Linkmeyer
