

Submitter: Carol Dinges

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

As a now-retired public library employee who was responsible for observing a ballot drop box, I witnessed people filling in multiple ballots and then putting them in the box. By law I was prevented from saying anything to them or obstructing them in any way as I watched it happen. In-person voting makes this kind of voter fraud more difficult, and I support SB 210 for this reason.
