Senate Committee On Rules

Measure, Appointment or Topic:

SB210

If we are ever going to have honest elections, we need to have in-person elections with photo ID. No more mail-in ballots, unless specifically requested, for medical or other legitimate reasons. Ballots should be in and counted on/by election day. Hand count the ballots in the precincts and get rid of the machines; too much opportunity for fraud and manipulation when computers are involved. Thank you!
