

Submitter: Emily Weisbard

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

As a single working parent of a young child I feel strongly that by mail voting is a great system and helps Oregonians to turn out and vote. This allows me to take my time to read through the ballot measures as I vote, rather than try to figure it out in a voting booth. Please maintain our current by mail voting system as it helps people to access and utilize their voting rights.
