

Submitter:

James Reed

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

The shameful that you would even consider taking away the most effective and reasonable voting mechanism used by any state in the entire country. Oregon is leader in effective and fair elections that automatically create a defensible paper trail. vote by mail allows people time to think, read, and to vote without having to leave their jobs or homes. It is absolutely shameful that you would even try to make it harder for people to vote. It is cowardice.
