

Submitter:

Carrie Oldright

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Vote by mail is safe and effective. Here in rural Oregon we are able to vote safely within our homes in a way that promotes active participation in our democratic republic. Capitulating to trump in order to dismantle voting rights is a gross and unacceptable miscarriage of Justice. There is no measurable voter fraud and our current system works. Do not break it. I strongly oppose this bill and encourage all Oregonians to do the same.
