

Submitter:

Rebecca Perry

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Vote-by-mail is safe and convenient. It allows voters to cast their ballots without standing in pointless lines or taking time off from work. It increases voter participation. Please do not comply with Trump's directives when you don't need to. He cannot constitutionally control voting - the executive branch has no jurisdiction. Do not comply in advance. Stand up to fascism!
