

Submitter: Ann Adams

On Behalf Of:

Committee: Senate Committee On Labor and Business

Measure, Appointment or Topic: SB1108

School districts need to be exempt at the very least. The schools have blood drives on campus during the regular day in which individuals may donate without leaving the campus. Employees also have personal days that may be utilized. Providing more leave will cause an undue cost burden because we have to pay a substitute in addition to the employee cost.

I request a NO VOTE!
