Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

To the sponsor of this bill - some things, like eating a bag of Dick's, really do demand being there in person, However, when it comes to making sure that everyone has their vote counted and letting folks take time to understand the candidates and the issues while they fill out their ballots Oregon's vote by mail system has been wonderful. It's also convenient and well-loved by residents. Don't take a step backwards for voter accessibility.
