SB210

"It is important to require proof of residency, Oregon should require verifiable ID, and confirm that the voter is an American citizen. Oregon's Motor Voter laws made our Voter Rolls one of the worst in America" It to mention we need to be able to validate ballots in close races. Forensically validate ballots. Not The kind of BS that took place in the 2020 election. Not being able to look at ballots because the system magically crashed.!
