On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Vote by mail allows all Americans to be able to vote, which is their right to do.

Forcing in person voting is saying "if you cannot afford to miss a day or work, you cannot vote". It is a penalty for being poor, working class, single parent, etc etc.

Please continue to give ALL Americans a chance to vote, and keep mail in ballots.
