

Submitter:	Rebeca Einolf
On Behalf Of:	SB 210
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

Vote by mail is safe and effective. Requiring in-person voting would disenfranchise people who are infirm, do not have access to transportation, and anyone who has a job that is inflexible. This would discriminate against the elderly and the poor. IT's bad policy that will reduce the number of people who will vote.

For shame!
