

Submitter:

Anna DiBenedetto

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Vote by mail is one of the single most turnout-improving methods that democracy has seen in modern times. We have been an example for the rest of the country and many other states have emulated us and shifted to vote by mail with great success. This is a regressive measure and should be voted down vigorously.
