SB210

I oppose this bill that's aimed at getting rid of our mail in voting system.

Mail in voting allows all Oregonians with access to any mailbox to vote conventionally at a time that works for them. No one has to worry about missing work or where their assigned polling place is. What a nightmare of a system that was.

It's also proven far more secure than casting ballots in person. In Oregon we have to worry about the far right setting fires to mailboxes in Portland, an easy thing to prevent. But in other states they have to worry if their voting machines have been tampered with from the start. That's proven to be way harder to prevent or fix.

Mail in voting is the right thing to do to ensure all Oregonians have equal access to voting so we can all just get on with our lives.
