

Submitter:	Chaelen Uhrich
On Behalf Of:	All of Oregonians right to vote
Committee:	Senate Committee On Rules
Measure, Appointment or Topic:	SB210

I find it highly suspicious that we're trying to change the ways of our voting as it's been a very effective way of voting since first introduced. There are bigger and better things that this administration should be spending their time on instead of trying to farther push voter suppression.

This bill in my opinion would only make it harder for the average Oregonian to be able to vote.
