Until I moved to Streamwood, Illinois, in 2022 to remarry, I had lived in Corvallis my entire life except for the years I was in the U.S. Navy.

Sitting in my kitchen with the Voter's Pamphlet and filling out my ballot alongside my late wife is an Oregon memory I cherish.

When I was in the Navy, I told my buddies about ballot initiatives and mail-in ballots and the voter's Pamphlet and their jaws dropped - sometimes literally.

Why would anyone want to take that away from us?
