SB210

I just want to say that voter fraud has always been with us but it can be mitigated by insuring that the voter is a U.S. citizen, by voting in person with ID that proves citizenship, by cleaning voter rolls from inactive/deceased/moved voters, by cutting off any votes that come in after 12:00PM on Election Day, by eliminating mail-in ballots. Votes counted with witnesses from all parties concerned to insure no cheating, throw away ballots or other such outrageous denials of one's right to vote. Exceptions to mail-in would be military or absentee voters due to government service or any other verifiable legitimate cause.
