

Submitter: Eric Donnell

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

This bill would hinder or prevent many voters from voting. Mostly rural Oregonians who would have to drive hours to the nearest polling site would be impacted. Given that most rural Oregonians are Republican, I am very surprised that a Republican Senator introduced a bill that would reduce votes for his party. The current system works and has for many years. No need to change it.
