

Submitter: Troy Unverdruss

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

I'm firmly opposed to this measure. We need to keep vote by mail. It's a model for the nation and is a major reason we have high voter turnout- which is good for our democracy. Also it gives us time to actually research candidates and measure making it possible for us to make more informed choices. Do not take this away from us. When I explain to friends and family how nice it is they're all jealous and want vote by mail.
