

Submitter:

Paul Galloway

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

We can't do anything without proving who we are in todays society. Something as important as this should never be taken lightly ,and allow any chance of fraud to occur, especially in today's age where it is rampant.

It also makes you proud as an American to feel your vote truly counts. It's Indefensible and unAmerican to be opposed. Let real votes count to preserve integrity and American values.
