SB210

Voting by mail is safe and effective, with numerous security measures in place to protect against fraud. Furthermore, studies have shown that mail-in voting can increase voter turnout and has a long history of successful use in elections. Isn't that what we want?

It is now more important than ever to give constituents their voting voice. This bill prohibiting vote by mail must not pass.

Oregon is a beacon of fair and efficient elections and we must not put up roadblocks to it.
