Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

To our elected officials,

I strongly oppose the measure seeking to rescind vote by mail in Oregon, along with the voter suppression efforts the text of this bill includes. Oregon has been a leader in this field and should continue to resist any efforts to give credence to the demonstrably false assertions that there is voter fraud occurring here, or throughout this country. I'm embarrassed you are even giving this any consideration when we have so many pressing issues facing our state due to the illegal and unconstitutional executive orders and cuts from an unelected morbidly wealthy drug addict attacking the entire state. Vote NO and put this into the dust bin of our state.
