

Submitter: Tamar More

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Vote by mail is a critical part of Oregon's democratic process. It helps citizens participate in, easing time constraints and removing the need to stand in line or travel to a voting location. It also makes it easier to make informed decisions. Out high rates in every election prove this. Our vote by mail system is also at least as secure as any in person one, and more secure than many. To;dr: please do not repeal vote by mail!
