Measure, Appointment or Topic:

SB210

Oregon has a long history of vote Thai mail and it works incredibly well. Why would we change to something that can make people feel uncomfortable have opposition people at the polls trying to intimidate voters, that is the fascist move of this country. Intimidation, we do not need it in the state of Oregon. Please oppose this bill in any bill that takes our right away to vote by mail. Thank you, Richard and Turner.
