SB210

I love voting by mail. It is secure and easy to navigate all of the issues and candidates, giving me, ample amount of time to think through all of it. It is very clearly good for all. I found voting by going to a polling station less enjoyable and felt less secure. Voting by mail just makes sense. It's hard to find an Oregonian that doesn't like the method. I oppose sb 210. No on sb210. Keep voting by mail!
