

Submitter:

Patty Freeman

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

What insane person thinks turning the clock back and making voting more difficult for many people is okay? Our mail-in voting is the future, it helps so many people, it works, it is so not appropriate for this even to be a bill going to the Senate. I oppose this with all my heart. Please make it go down in flames.
