

Submitter:

Micheal Minthorn

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

There is no and has never been any significant problems with mail voting from the very beginning. It is organized and efficient and saved taxpayers thousands and thousands. This legislator needs to be voted out. This is a frivolous bill. Quit wasting taxpayers money on false pretenses! Prove your case before submitting bills. People do not want to have to go back to in-person voting. That method ALWAYS had issues. It is a hardship for rural elderly voters to go to the polls. Leave voting the way it is in Oregon.
