"As a parent of a virtual charter student, I believe every child deserves equal access to education funding, regardless of their school type. HB 2583 ensures students like mine get the resources they need to succeed—just like their peers in traditional public schools. Let's make education fair for all Oregon students."

My son is in Bakers Early college because he learns at a faster pace. This school makes it possible for young men and women like my kid to have the education that fits his need. Please fund it. Please help our kids succeed
