

Submitter: Edgar Brandt
On Behalf Of:
Committee: Senate Committee On Natural Resources and
Wildfire
Measure, Appointment or Topic: SB80

I am Edgar Brandt, retired bilingual instructional assistant and current small farmer. For 35 years I taught farmworker children and now care for pasture, animals and forest land.

I support SB80 because Oregon needs a moratorium on factory farms. We need to stop large confined livestock and poultry operations to protect animals, farmworker families, general public health for the community at large and natural environment, especially groundwater.

Thanks for considering this important matter for the benefit of our environment, animals and people.
