

Submitter: Jordan Whitney

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

As an Oregon voter, I strongly oppose the measure to switch to in-person voting rather than mail-in voting. This measure will only disenfranchise voters while doing nothing to improve election integrity. Mail-in voting is widely known to be the most secure voting method while providing the best voter turnout and it should remain the standard in the state of Oregon.
