

Submitter: Carmen Morales Arnbrister
On Behalf Of:
Committee: Senate Committee On Rules
Measure, Appointment or Topic: SB210

Hello! My name is Carmen Morales Arnbrister. As an Oregon resident, I enjoy participating in Oregon's elections.

Oregon currently has a voting system that works for everyone. SB 210 will take our constitutional right away. It will disenfranchise so many people specially in low income communities, people with disabilities and working families.

SB-210 it's very concerning of how this bill will impact our seniors. They wouldn't not be able to exercise their right to vote if this bill passes.

I work as a Compliance Specialist for adult care homes, I and see first hand how it will impact seniors who don't have the ability to get in the car and wait on long lines to vote.

Oregon has a long history of setting a high standard for accessibility, equity and transparency. Oregon DMV already has verified our citizenship why putting unnecessary barriers for working parents, seniors and people with disabilities.

I urge you to vote NO on SB 210.
Thank you!
