

Submitter:

Leslie Hunter

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I've been in Eugene for 46 years now and lived through the transition from in person voting to mail-in voting. It was such a welcome change to be able to vote by mail in my own home and in my own time frame, making it possible to think through every vote. I think Vote By Mail leaves space for a more knowledgeable and well versed voter. As a single Mom I was raising three children and using time wisely was always a challenge. Another reason to Vote By Mail.
