SB210

Dear Senate Committee on Rules,

I support this wholeheartedly and ask that you do as well. In-person with valid ID voting helps to eliminate fraudulent ballots for everyone. This will also help clean up our voter rolls that are riddled with people who are dead or are not citizens. It will also eliminate multiple ballots being sent to individuals who have visited a DMV (I know, hard to believe but absolutely happens). College students can get a ballot at their parents' home as well as at their college addresses. There are accommodations made for those with disabilities.

No matter what political side you sit on, everyone should want elections free of corruption. We can ensure this through this bill.

Thank you.
