SB210

In November of 1998 Oregon voters spoke in support of expanding VBM by a vote of 757,204 in favor to 334,021 opposed. It has remained both popular and fair means of voting. There have been no incidents of illegal votes. It makes it possible for those of limited mobility or access to transportation able to vote.

There is no reason for changing this longstanding, fair voting act. I am opposed to this undermining of voting rights in Oregon.
