

Submitter: SALLY CURDY

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

Oregon's current election practices allow:

- Voter registration without proof of U.S. citizenship
- Accepting ballots after Election Day
- Voting without current I.D.
- In-person voting

Oregon's current election practices do not allow:

- An audit to remove ineligible, inactive, or deceased voters from its roles
- Complying with the National Voter Registration Act

I stand firmly against all these practices and give my full support to SB210
