

Submitter:

Brittany Huckey

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I have lived the whole of my adult life with Mail In voting. I have never once been prevented from voting by sickness, injury, work conflicts. I have never needed to choose a day of works pay over voting. I have always been proud of my state for this. Making voting more difficult for anyone is against democracy. I know that my Oregon Legislation is better than that.
