

Submitter:

Kellie Quinn

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

In-person voting is more accurate and more valuable. I would take that over the "convenience" of mail-in ballots any day. I personally know many people who don't care about voting, so they hand their ballot over to someone else to fill out and turn in on their behalf. I want those who participate in Oregon elections to vote as residents and stakeholders in the success and future of this state.
