My daughter chose virtual charter school because it best fits her learning needs and style, but they're unfairly excluded from crucial Student Success Act funding. Baker Web Academy is where she needs to be to be successful. Learning is different for everyone and we don't all fit the same mold. I am grateful for her access to this school. HB 2583 corrects this by ensuring equal access to resources while keeping funds within Oregon's community-run schools. It's time to support all students."
