

Submitter:

Kevin Coleman

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I cannot believe we are even considering this measure and vehemently oppose taking Oregon back in time. I have not seen any evidence that mail in voting is a problem and I suspect this is just another method to enable voter suppression. My mother is 93 but fully engaged but not a mobile as she once was. Why on earth do we want her and others not be able to vote and their convenience?
