

Submitter:

Bill Bold

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I like vote by mail and want to keep it. It saves me time not having to take time off work to vote. I can sit in the leisure of my home in the evening and compare the issues and candidates, and make my own selections. I can vote days before the election and aren't subject to the barrage of political pornography (advertising) to sway my vote that always seems to come up at the last minute.
