

Submitter:

John Yeier

On Behalf Of:

Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

Having access to voting is key for the functioning of our society and a cornerstone of our freedoms. To take that away is a violation of our rights. Knowingly taking away easy voting access is tantamount to a direct attack on the voters themselves. Mail in voting is the best way to handle voting in our state and should be left in place. It has had no issues thus-far and has shown no signs of having issues in the near or distant future.
