

Submitter: Irene Boone

On Behalf Of:

Committee: Senate Committee On Rules

Measure, Appointment or Topic: SB210

The state of Oregon pioneered vote by mail and we should keep that method of voting. It is safe and more people will vote as opposed to voting in person. Rural voters have a difficult time voting in person having to sometimes drive great distances to vote in person. Working voters find it difficult to take time off from work to go vote in person.

Please use common sense and keep vote by mail in Oregon.

Thank you.
