Committee:

Senate Committee On Rules

Measure, Appointment or Topic:

SB210

I absolutely OPPOSE ending vote by mail in Oregon. My husband and I have always treasured the ease and convenience of receiving our ballots in the mail in plenty of time to review the issues and the candidates and vote appropriately for the best candidates and issues. When we look at the difficulties that voters can face in other states, Oregonians are so much better off. No incredibly long lines to stand in regardless of the weather; we can eat and drink whatever we want or need while we vote; we can mail our ballots back or drop them off at convenient locations. The mail-in ballots are secure and safe and we have never had a problem and if issues are raised, they are solved and taken care of immediately. Please keep our precious vote-by-mail!
