The constitutional amendment serves one purpose and one purpose only. It is an obvious effort to silence citizens who believe a law, or laws passed by the legislature are far too radical or oppressive. It's clearly an attempt to fundamentally create Orwellian rules and barriers to citizen's right to peacefully protest through the democratic process. This amendment is the sort of totalitarian tool that seeks to force every citizen to accept the edicts created by the ruling class and remove the one tool remaining that defends the citizens against tyranny by the super-majority in the legislature. No one is fooled by this tactic.

Vote NO and respect the people by keeping a reasonable ways for citizens to have an honest way to free themselves of tyranny when needed.
