SB210

Oregon's mail-in ballot system is one of its great success stories. It helps ALL Oregon citizens to fulfill their responsibility to vote in our free and fair elections. There is no history of any significant fraud or misuse of the system. The purpose of SB 210 is clearly to create obstacles to exercising our right to vote. Since the Trump administration knows that its executive order on voting is unconstitutional, it is trying to intimidate Oregonians into surrendering our constitutional right to determine our own highly effective voting procedures. Please support ALL Oregonian citizens by voting NO on SB210
