To Joint Committee ON Transportation,

I know this bill has failed to pass everytime it has been brought up, but I wish just once you would pass it and try it. It works well in many other states and I firmly believe it would work here. If it doesn't, you could easily remove it. Even in Medford, I can't tell you how many times I wished I could creep through traffic at 10 miles an hour or less, especially in a road emergency (weather, accident, etc), or just plain 4:00 PM traffic. We who ride are saving fuel, and reducing emissions, so why not give us a reward for doing so. Yes, there are idiots among every type of motorist, but why single motorcycle riders out? I'm a 79 year old senior citizen who rides almost daily and would LOVE to see this bill pass. Thank you for listening.

Sincerely,  
John D. Csaftis
